## JAR SUPPORTS:

## Animal Rescue of Illinois

JAR is present at:

## Peak season of puppies and kittens!

We are issuing this newsletter monthly in order to let you know about the developments of JAR's activities and our lovely pets.

Warm weather is already here ... and JAR is already receiving a major influx of abandoned newborns. Please do not forget to use our [guideline to rescue a stray animal](#) when you encounter an animal in need for help. If you want to know why to neuter a pet is good, please read our [guide on neutering](#).

All the best from JAR Group!

## New dog license regulation into effect from May 15!

Dog owners are to pay 500 yuan a year to license their pets under new regulations. The city pricing authority already revealed the figure for the new fee, together with Shanghai's first law governing the keeping of dogs. City legislators believe the lower license fee will encourage more dog owners to register their pets. While there are 140,000 licensed dogs in Shanghai, police estimate there are at least 600,000 without licenses. Under the new policy, dog owners living within the Inner Ring Road pay 500 yuan for a license. Those outside the Inner Ring Road pay 300

yuan, and those live rural areas are charged 100 yuan. Furthermore, owners who have their dogs sterilized will pay half the fee (according to the new policy). The city police will be the main government body supervising the scheme. Foreign residents will come under the same rules as Shanghai residents, including the new "one household, one dog" policy. This permits residents to keep only one dog. The only exemption is for households that already have licenses for more than one dog.

## JAR Pets of the Month: Chun Chun & Liga

### Chun Chun (male dog)

DOB: June 2009

He was abandoned by his previous owner due to relocating to another city. Chun Chun is super friendly towards people and other animals.

Vaccinated, dewormed, defleaded and neutered.

### Liga (male cat)

DOB: September 2010

Liga is a very cute and friendly cat, extremely good with people and does not scratch or bite.

The downside of Liga is that he was severely neglected by the person who first rescued him and left him in the hands of JAR. Indeed, it seems to be the case that Liga had diarrhea for quite a very long period

of time without being treated, so now his medical condition (according to the Vets) is that he has no real strong rectal muscle.

We truly need the help of a patient, committed and understanding foster parent (with experience taking care of special cat cases).

Can you provide a forever loving home to Chun Chun or Liga?

**Other rescued pets that urgently need a home include:**

- [Jimmy \(cat\)](#) - [A Huang \(dog\)](#)
- [Whity & Blacky \(bunnies\)](#)
- [Tia \(kitten\)](#) - [Shi Er \(puppy\)](#)

## Special Animal Adoption Day in the Cool Docks / Sunday June 12<sup>th</sup>

Jaiya's Animal Rescue is extremely grateful to the Cool Docks for allowing us to hold our Special Animal Adoption Day in their premises.

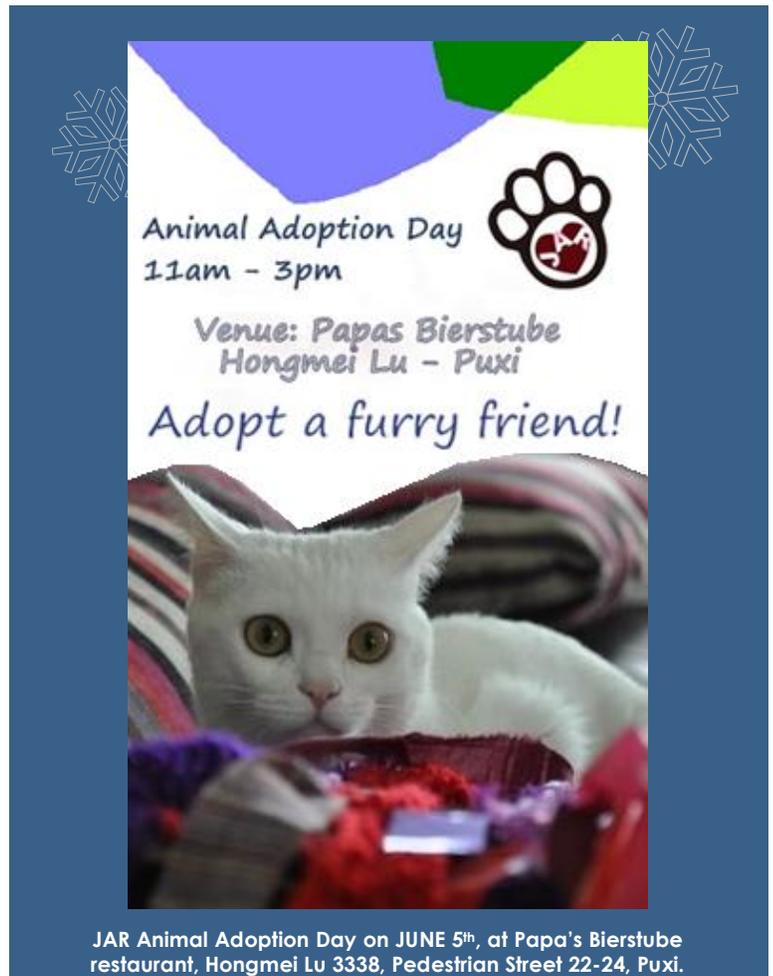

Everybody is welcome to attend this special event in The Cool Docks, 505 Zhongshan Nan Lu, near Fuxing Dong Lu. 中山南路 505 号, 近复兴东路.

## Cool Docks Event on May 1<sup>st</sup> and 2<sup>nd</sup>

JAR wants to thank the management of Cool Docks and Leslie (M-Pets) for letting us participate in their event at the beginning of May. Our non-profit group raised more awareness among the community and managed to sell items (pet supplies/household supplies) for donation purposes.

A huge thanks to Vivian (Senior Volunteer), our dedicated volunteer and supporter (her father!), Alejandra, Siemerink (photographer - [Eyella](#)), and finally to Lisa Pan (adopter of Xiao Bai) for donating a beautiful painting to JAR for donation called 'Thanksgiving'. # Monster Cat

Note: Monster Cat stars in a web comic. You can find him in Facebook and Twitter. He fights for Truth, Justice and Milk!

## TNR Suzhou (Catnip Diary 6)

Only two cats were taken in for neutering this month, however, we now have seven cats in hospital! One female decided to give birth one hour after trapping. She is now a proud mum of four kittens. Hereafter, we only had one successful neuter and release case.

Mum and babies will be staying with the Vet until the kittens are weaned. Also on my books now are two beautiful cats left by an Italian family who were returning home: shame they didn't start earlier and work harder to re-home these guys before they left! Now TNR is on full stop here in Suzhou. We cannot trap cats when we might be leaving kittens without their mums.

## Joint effort allowed successful dog rescue

On May 17th Alejandra saw on the EnjoyShanghai website a plea for help. The author of that plea was Sergey, who was extremely concerned about a young dog that was kept in very poor conditions in a restaurant, tied with a rope, with no chance to play or run, and frequently abused by some of the restaurant clients. Hereafter, an urgent e-mail was sent in order to gather a group of volunteers that will meet Sergey to help rescue the dog (1,000 RMB ransom was asked by the owner to release the dog).

On May 18th a team coordinated by Alejandra, with a JAR foster parent named Carolina and Kitty (volunteer from Paw Pals Animal Rescue), met up with Sergey in order to successfully rescue the dog. For more info [click here](#).

## JAR Lanyards

During this Spring / Summer season JAR will be selling JAR Lanyards for 10 RMB each or 'in Bulk' in order to raise funds for all the pets under our care.

If you want to buy our lanyards, please attend our animal adoption day or send us an e-mail. Thank you!

## Successful kittens rescue!

JAR is very happy to announce that last May 12<sup>th</sup> [three lovely kittens were rescued](#) thanks to joint team effort from volunteers of JAR and PPAR (Paw Pals Animal Rescue).

These kittens were lacking medical attention and were neglected by the people that had them living in their grounds. Thereafter the volunteers went to Suzhou Lu to assess the situation and luckily the kittens were all caught easily!

Alejandra took the kittens to Petshome Jing An hospital and all 3 were examined. The biggest one is a beautiful female kitten called Isabella. The other two smaller kittens are male and their names are Persio and Candido. Persio was the sick kitten that triggered the rescue operation, but he was treated by the Vet and received a good prognosis.

## Donations needed for TNR Program

JAR a small animal rescue group in Shanghai, consisting of expats and local Chinese working together to rescue and re-home stray / abandoned animals off the streets of Shanghai.

For our TNR & ABC Program we need the help of people / companies willing to provide us with the sponsorship / funding necessary to buy Cat Traps for our program.

Below you can see the information on the Cat Traps needed:

**HW-30D:** ACES Humane Cat Trap w/ rear door 30"x 9"x11". Guaranteed against animal damage for 3 years. Price: US \$55.00

If you can help us, please send us an e-mail. Thank you!

## Care for Animals with Special Needs

Animals with special needs are an inspiration as they overcome adversity, injury, illness or abuse.

Unfortunately these animals are often overlooked by pet adopters because they require extra care and medical attention.

The beautiful thing about animals with special needs is that they do not know they are disabled. With some extra attention, love and, in some cases, thoughtful devices, they can live as fully as any other animal. Help these special needs animals to live their lives to the fullest ... give them a loving home!

## JAR regulations for Animal Adoption Day

JAR has established a new set of regulations for people and pets attending JAR Animal Adoption Day. The new rules are as follows:

**(a) Rescuers must register their animal(s) to the following e-mail address prior to adoption day: shanghaidogs@gmail.com**

\* The cut-off time is 1 week before adoption day. Any late registrations received after the 'cut off' time are discarded and placed for the following adoption day event.

**(b) Every rescuer must bring the following documents for adoption day:**

1. Printed copy of JAR's Animal Rescue Form.
2. Animal's medical record book
3. Picture of their animal(s).

Rescuers will need to register with our Senior Chinese Volunteer Officer at adoption day to participate.

Any rescuers who do not abide JAR's procedures and policy stated above will unfortunately not be permitted to participate at the event.

We are enforcing this set of rules to control, and be aware of the intake of rescuers and animals that will attend adoption day.

We appreciate your cooperation and understanding on this matter.

Thank you!

## OUR CHALLENGE

Every year thousands of animals are abandoned in China. Just like in many other developing countries, this situation requires the attention and effort of several parties: government agencies, NGOs, NPOs and more importantly: **YOU!**

Imagine how different this situation could be if more people were willing to open their homes to an abandoned pet, if more animals were vaccinated, neutered and spayed, if more people made donations, if more people were foster parents, if education on ethical treatment of animals could reach everybody ...

We at JAR have a great task ahead of us, but we cannot do it alone ... **WE NEED YOUR HELP!!!**
